'Fabulous Fabrics' Workshop

Fabulous Fabrics Workshop - Eidsvold June 2018

Working with Genesis Creations, Stepping Black delivered the fabrics workshop at Eidsvold.

This workshop covered a wide range of fabric colouring skills for patch-workers and quilters as well as textiles and art teachers. We discovered how easy - and economical! - it is to design exclusive fabrics for sewing projects. The workshop covered the 'basics' to establish an understanding of the use of our Genesis Creations™ paints and skills, as well as a bunch of 'extras' that everyone enjoyed! Hands-on skills will be complemented by demonstrations.

Thanks to everyone who supported us. Great Creations! Great fun!
